1. Where possible, the annual number of reported incidents of dangerous cycling, careless cycling or wanton or furious driving involving a bicycle on pedestrianised areas in the local police district in the past 6 years, with a breakdown for each calendar year. This time period should include (01/01/2018-01/01/2023) and where possible (01/01/2024-28/10/2024).

3. Where possible, the annual number of cautions, fines or prosecutions given to cyclists for cycling on pedestrianised areas in the local police district in the past 6 years, with a breakdown for each calendar year. This time period should include (01/01/2018-01/01/2023) and where possible (01/01/2024-28/10/2024).

When I refer to pedestrianised areas I mean areas designated for pedestrians only and areas where access is shared between pedestrians and bikes. This will include footways, footpaths, bridleways, towpaths and any other public right of way.

If you are able to provide specific details about any of the reports, such as where it took place, I would be very grateful.

Amendment received 31/10/2024:

Also I noticed a typo in my time frames. The time frame should be (01/01/2018-01/01/2024) and where possible (01/01/2024-28/10/2024). Please amend the time frames for question 2-4.

Further amendment received 31/10/2024:

Sorry, I meant please amend the time frames for all the questions!

We received your request on 28/10/2024 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.

Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can easily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 213,000 related incidents, in order to ascertain whether these incidents involved a cyclist driving dangerously/carelessly/furiously in a pedestrianised area the record for each incident would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 10,650 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.
