We received your request on 05/11/2024 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can easily retrieve information from our systems to answer questions 3 and 4 of this request. For the time period requested, there have been in excess of 3800 vehicle theft offences, in order to ascertain whether the vehicle stolen was a 'car', the record for each offence would require a manual review. In addition, with regards to question 4 there have been in excess of 18,100 road traffic collisions in the time period requested which would also require a manual review of each incident to establish what the cause of the collision was. To extract this data would therefore require a very labour-intensive manual trawl through each record for both questions.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 1095 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

In order to refine your request, data can be provided in full for questions 1, 2 and 5. Data can also be provided with regards to question 3 for all vehicle theft if this would be suitable.
