FOI Ref 17442

Request - You asked us the following:

Please could you - within the 20-day limit - give me a breakdown of reported sex assaults month by month over the past 3 years.

I am especially keen to see if they soar over the Christmas period.

We received your request on 06/11/2024 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

Staffordshire Police holds the requested information.

- Please could you - within the 20-day limit - give me a breakdown of reported sex assaults month by month over the past 3 years. – **Partially disclosed, please see accompanying file titled 'FOI 17442 Sexual Assaults Data.PDF'.**

Please note that there are several offences that are still being investigated so with regard to these cases we are citing Section 30(1)(a) of the Freedom of Information Act 2000 – Investigations conducted by Public Authorities.

The following exemptions have been applied:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for parts of this particular request.

- Section 30(1)(a)(b) – Criminal Investigations
Section 30 is qualified and class based and, as such, we are required to apply the public interest test.

Public Interest Test

Factors favouring disclosure under Section 30(1)(a)(b)

Disclosure of the information would improve the public's knowledge and understanding of the investigatory process and, as all police investigations are publicly funded, would show how public funds are being spent.

Factors favouring non-disclosure under Section 30(1)(a)(b)

Disclosure of the requested information would prejudice how investigations are carried out in the future. Staffordshire Police is charged with enforcing the law, preventing and detecting crime and protecting the communities we serve. Any release of information relating to ongoing investigations could prejudice and undermine those investigations. The prevention and detection of such matters could therefore be hindered and therefore risk interference with evidence, which could have detrimental impact on future investigations. In addition, the right to a fair trial could be undermined.

Balance test

Disclosure under the Freedom of Information Act is a release of information to the world in general and not an individual applicant. Having considered the public interest factors we are required to determine whether on balance the factors favouring disclosure outweigh those which are against disclosure. It is our view that the factors favouring disclosure do not outweigh those which favour non-disclosure.
