FOI Ref 17467

Request - You asked us the following:

I am submitting a request under the Freedom of Information Act 2000. I am seeking information on squatters or trespassers (those living in a property without permission) who have been evicted within your policing jurisdiction. Specifically, I am requesting the following information:

- The total number of squatters evicted within the jurisdiction from January 1, 2024, to the present date.
- If possible, a breakdown of these evictions by month and by the type of property (e.g., residential, commercial, or public properties).
- The number of evictions conducted under civil orders or were criminal prosecutions.
- Any available data on the average time taken to resolve each squatting incident (from the report of squatting to the eviction).

We received your request on 14/11/2024 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 260 incidents or occurrences that may be linked to an eviction of a person(s) squatting. In order to ascertain whether the number of individuals evicted, the type of property the individual was evicted from, whether the eviction was conducted under civil orders or criminal prosecution and the time taken to resolve each incident, the record for each incident or occurrence would require manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 10 minutes to review each record to answer this request, this would equate to over 43 hours. To achieve this task would therefore

exceed the 18-hour time and cost threshold of the Freedom of Information Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.
