Data presented on a monthly basis for the period from: 1st January 2022 to 30th October 2024. –
Disclosed, please see accompanying file titled 'FOI 17479 Speeding Offences Data.CSV'.

Please note that Staffordshire Police do not record speeding offences by local authority or council area. Therefore, we have provided data relating to the locations of each speed camera. The data includes both automatic camera device data, and data collected from manned equipment.

Please note that this data has been provided to the best of our ability, subject to the limitation of current recording protocols and systems/software. Staffordshire Police are aware that the data presented includes duplicates, incomplete fields and grammatical/spelling errors, however, this is due to the inaccuracies inherent in any large-scale recording system. Additional offences/incidents may have been recorded during these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the data presented is accurate and complete. However, it is important to note that this has been extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

As a consequence, care should be taken in the interpretation and presentation of this data, so as to not misrepresent the whole or any part of the data disclosed.
