FOI Ref 21228

Request - You asked us the following:

I am writing under the Freedom of Information Act 2000 to request information regarding two questions:

1. The number of reported incidents of:
 - a) Rape or attempted rape (Section 1 of the Sexual Offences Act)
 - b) Sexual assault by penetration (Section 2 of the Sexual Offences Act)
 - c) Sexual assault (Section 3 of the Sexual Offences Act)
 - d) Stalking (Section 2 of the Protection from Harassment Act)
 - e) Harassment (Section 2a of the Protection from Harassment Act)

where the free text associated with the incident report contains any of the following the words:

'online dating', 'internet dating', 'tinder', 'bumble', 'feeld', '[match.com](https://www.match.com)', 'hinge', 'eharmony', 'dating app' or 'plenty of fish'

We would like this information for 1 Jan 2024 to 31 December 2024 (1 year), or the most recent 12 month period available.

1. 2. Of all the reported incidents of sexual assault, rape, and stalking (etc) made to your constabulary in the most recent 12-month period, what proportion involved cases where the victim first met or connected with the perpetrator through a dating app?

We are collating this data from all police forces in the country for a broadcast project on rape and sexual assaults linked to dating apps and are on quite a tight deadline so would be great to have it ASAP.

Please sent it digitally (via email) attached in an excel file.

Thank you for your time and attention to this matter, do let me know how I could amend this request if it does not fall within scope of the data you collect / time constraints allowed for FOIs.

We received your request on 15/04/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.

Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer part 2 of this request. For the time period requested, there have been in excess of 3,700 occurrences that have been recorded as a sexual offence, to determine if the victim met had met the suspect through a dating app would require a manual review of each offence. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 185 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

In order to assist in refining your request. Data could be provided for part 1 of your requested offences and where the free text search including your requested words for the requested time period. However, please note further exemptions may apply.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
