FOI Ref 21536

Request - You asked us the following:

I am requesting information into communication between Cellxion Ltd. More specifically I would like:

[1] a copy of communication between Cellxion Ltd and Staffordshire Police between January 1st 2015 and the day this request is proceeded with the key words: "Covert Communications Data Capture", "CCDC", "IMSI-catcher", and "Stingray".

[2] a copy of meeting minutes between Cellxion Ltd and Staffordshire Police between January 1st 2015 and the day this request is proceeded with the key words: "Covert Communications Data Capture", "CCDC", "IMSI-catcher", and "Stingray".

We received your request on 03/07/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(2) In order to identify whether or not information is or isn't held would exceed the cost threshold in accordance with Section 12(2) of the Freedom of Information Act as in order to satisfy S1(1)(a) of the Act would exceed the cost threshold.

The above information has been refused for the following reasons:

There is no method by which we can easily identify or locate whether information is held within Staffordshire Police systems to answer this request. The information you require is not stored in a way which allows for easy identification or retrieval. Multiple sources, emails, documents, folders, notes etc would need to be searched to establish whether any information is held with regards to this request. To determine whether there has been any communication between Cellxion Ltd and Staffordshire Police a manual search of all sources would be required. Even by factoring in a key word search for the phrases mentioned this would still exceed the 18 hour time and cost threshold to determine whether information is or is not held.

Similarly, for question 2, all folders and documents that may hold this information would need to be manually checked to see whether any data is held that was relevant to this request.

To determine whether or not relevant information is held would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
