FOI Ref 21769

Request - You asked us the following:

Under the Freedom of Information Act 2000, I request the following information:

Please would you let me know regarding allegations of crimes conducted against birds of prey in each of the last three years

- 1) the total number of allegations made to your force
- 2) how many you opened an investigation into
- 3) how many you referred to the CPS and
- 4) how many resulted in a criminal conviction. If known, please would you for each category record the total number of incidents where the accused were gamekeepers across all three years

We received your request on 20/08/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit. Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 700 incidents recorded as involving wildlife. In order to determine whether the incident involved a bird of prey, the record for each offence would require manual review. Further review would then need to be conducted in order to determine how many were referred to the CPS and how many incidents involved gamekeepers as suspects or offenders. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 5 minutes to review each record to answer this request, this would equate to over 58 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.

Please be advised that Staffordshire Police do not hold conviction data.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
