FOI Ref 22239

Request - You asked us the following:

Please may you provide me with: the latest information held on crime relating to tool theft in the Staffordshire Police Force area between October 2024 and October 2025 (or the most recent 12-month period you have available).

Information should include,

- 1) Total number of instances of tool theft reported across the year =
- 2) Total value of tools theft reported across the year =
- 3) Average value of tools theft reported within the year timeframe =
- 4) Any additional breakdown of where the tool theft took place (for example, number of thefts from vehicles, number from home, number from a workplace, number from a construction site) =

We received your request on 15/12/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 18,900 theft and burglary occurrences, in order to ascertain whether the item taken was a 'tool' the record for each offence would require a manual review. Additionally, to retrieve any further details such as the value of the tools and where the tools were taken from would also require a manual review of each offence. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 945 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
