If possible, please provide the data on a yearly basis and indicate any trends or variations during this period.

Please provide the information via email in electronic form and any data in calendar years.

We received your request on 07/02/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

Staffordshire Police holds some of the requested information.

- 1. The number of stalking offences that resulted in charges between 2018-2025. – **Disclosed, please see below:**

Year	Count
2018	14
2019	32
2020	73
2021	118
2022	139
2023	156
2024	73
2025	4
(*up to 07/02/2025)	

Please note, the data disclosed is where the offence group has been recorded as stalking and where the outcome has been recorded as a charge.

- 2. If possible, please provide the data on a yearly basis and indicate any trends or variations during this period. – **Disclosed, prior to 2020, when stalking was ranked lower than assaults under the main crime rule, it would be less likely to be reported if there was another offence. This is in contrast to the current principle crime rule, which makes stalking the primary offence.**
- 3. Please provide the information via email in electronic form and any data in calendar years. – **Disclosed, as above in question 1.**

Please note that this data has been provided to the best of our ability, subject to the limitation of current recording protocols and systems/software. Additional offences may have been recorded during these

timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the data presented is accurate and complete. However, it is important to note that this has been extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

As a consequence, care should be taken in the interpretation and presentation of this data, so as to not misrepresent the whole or any part of the data disclosed.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
