FOI Ref 17881

Request - You asked us the following:

I am writing to you under the Freedom of Information Act 2000 to request the following information. We would be grateful if you could provide me with:

- The number of people who have experienced a seizure whilst in police custody in each of the last 10 years
- The number of people with epilepsy who have died while in police custody in each of the last 10 years

We received your request on 25/02/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit. Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. There is no central database that stores this information therefore each arrest record would need to be manually reviewed and the medical section for each one would need to be checked to establish whether a detainee had a seizure. Staffordshire Police currently have in excess of 17,000 arrests per year therefore to extract this data would require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record in relation to just one year of data alone, this would equate to over 850 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

To assist in refining your request, data can be provided for question 1 for the number of complaints or conduct matters that have been referred to the IOPC in relation to a seizure in custody from 2014. Data for question 2 can be provided in full.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
