FOI Ref 17600

Request - You asked us the following:

Under a freedom of information can you provide me with the following:

How many Children of secondary school age are currently committing offences in the town boundary of Stafford, if the breakdown identifies which wards they come from that would be useful.

Clarification received 30/12/2024:

I am just looking for those currently identified, which can be today's date 30/12/2024 if that helps.

We received your request on 23/12/2024 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

Staffordshire Police holds the requested information.

- How many Children of secondary school age are currently committing offences in the town boundary of Stafford, if the breakdown identifies which wards they come from that would be useful. I am just looking for those currently identified, which can be today's date 30/12/2024 if that helps.
– Withheld.

The following exemption has been applied:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

- Section 30(1)(a)(b) – Criminal Investigations
Section 30 is qualified and class based and, as such, we are required to apply the public interest test.

Public Interest Test

Factors favouring disclosure under Section 30(1)(a)(b)

Disclosure of the information would improve the public's knowledge and understanding of the investigatory process and, as all police investigations are publicly funded, would show how public funds are being spent.

Factors favouring non-disclosure under Section 30(1)(a)(b)

Disclosure of the requested information would prejudice how investigations are carried out in the future. Staffordshire Police is charged with enforcing the law, preventing and detecting crime and protecting the communities we serve. Any release of information relating to ongoing investigations could prejudice and undermine those investigations. The prevention and detection of such matters could therefore be hindered

and therefore risk interference with evidence, which could have detrimental impact on future investigations. In addition, the right to a fair trial could be undermined.

Balance test

Disclosure under the Freedom of Information Act is a release of information to the world in general and not an individual applicant. Having considered the public interest factors we are required to determine whether on balance the factors favouring disclosure outweigh those which are against disclosure. It is our view that the factors favouring disclosure do not outweigh those which favour non-disclosure.
