FOI Ref 17601

Request - You asked us the following:

I'd like to know how many Revenge Porn offences your force has recorded since it was made illegal? Can you list each offence by the date it was recorded, including with each log the sex and age of the victim, whether anyone was arrested and whether anyone was charged?

We received your request on 23/12/2024 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

This is because on 20th May 2020 Staffordshire Police implemented a new case management system. This system brought data from a number of legacy systems into one to provide a single nominal record, including the custody system. The old custody system has now been decommissioned and as a result there is no search facility to be able to retrieve the requested data. It would entail searching thousands of records to establish if it fitted the criteria of the request. To achieve this task would exceed the 18-hour time and cost threshold stipulated by the FOI Act.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

In order to refine your request, data can be provided for the total number of offences for 'Disclose private sexual photographs with intent to cause distress' from 2015 onwards along with the date of the offences by month and year, age and gender of victims and charges. Arrest data can be provided from 20th May 2020 onwards. Please be advised that the data may be provided in uncorrelated tables to avoid identification.
