FOI Ref 17637

Request - You asked us the following:

Thank you for your prompt response.

I totally appreciate the current refusal and would like to take your advice and instead move forwards with just questions 1 and 2 (removing question 3) if that's possible please.

So with that in mind, can I please request the following information:

1. How many dog attacks were reported to your force throughout the whole of 2023? If possible, can this data be split by month? If not, an overall annual total is fine.
2. How many dog attacks were reported to your force throughout the whole of 2024? Again, a monthly breakdown would be nice but is not a dealbreaker.

We received your request on 07/01/2024 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

Staffordshire Police holds the requested information.

1. How many dog attacks were reported to your force throughout the whole of 2023? If possible, can this data be split by month? If not, an overall annual total is fine. – **Partially disclosed, please see accompanying file titled 'FOI 17637 Refinement of FOI 17636 Reported Dog Attacks Data.PDF'.**
2. How many dog attacks were reported to your force throughout the whole of 2024? Again, a monthly breakdown would be nice but is not a dealbreaker – **Partially disclosed, please see accompanying file titled 'FOI 17637 Refinement of FOI 17636 Reported Dog Attacks Data.PDF'.**

Please note that there are a number offences that are still being investigated for occurrences in both 2023 and 2024, so with regard to these cases we are citing Section 30(1)(a)(b) of the Freedom of Information Act 2000 – Investigations conducted by Public Authorities.

The following exemption has been applied:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for parts of this particular request.

- Section 30(1)(a)(b) – Criminal Investigations

Section 30 is qualified and class based and, as such, we are required to apply the public interest test.

Public Interest Test

Factors favouring disclosure under Section 30(1)(a)(b)

Disclosure of the information would improve the public's knowledge and understanding of the investigatory process and, as all police investigations are publicly funded, would show how public funds are being spent.

Factors favouring non-disclosure under Section 30(1)(a)(b)

Disclosure of the requested information would prejudice how investigations are carried out in the future. Staffordshire Police is charged with enforcing the law, preventing and detecting crime and protecting the communities we serve. Any release of information relating to ongoing investigations could prejudice and undermine those investigations. The prevention and detection of such matters could therefore be hindered and therefore risk interference with evidence, which could have detrimental impact on future investigations. In addition, the right to a fair trial could be undermined.

Balance test

Disclosure under the Freedom of Information Act is a release of information to the world in general and not an individual applicant. Having considered the public interest factors we are required to determine whether on balance the factors favouring disclosure outweigh those which are against disclosure. It is our view that the factors favouring disclosure do not outweigh those which favour non-disclosure.
