- Any other driving offences that there are

Please break down the data by year and local authority or city area if possible.

I would appreciate the information in a spreadsheet format if possible. If clarification is needed, I am happy to assist.

We received your request on 04/06/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer question 2 of this request. For the time period requested, there have been in excess of 30,000 reports of traffic incidents that are not road traffic collisions. In order to ascertain whether the incident involved road rage or aggressive driving, the record for each incident would require manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 5 minutes to review each record to answer this request, this would equate to over 2,500 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

If question 2 was withdrawn, Staffordshire Police would be able to provide the following data, broken down by year and location (where recorded):

- The number of reported road traffic accidents, broken down by year, from 2020 to 2025.
- The number of recorded driving offences from 2020 to 2025, specifically:
 - Speeding
 - Use of a mobile phone while driving
 - Dangerous driving
 - Driving without insurance
 - Careless or Inconsiderate Driving
 - Driving under the influence (alcohol or drugs)
 - Driving whilst disqualified
 - Causing Death or Injury by Dangerous Driving
 - Any other driving offences that there are

Please note that some of the above data would be held as arrest records and data would be presented for the number of arrests for certain offences.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
