FOI Ref 21436

Request - You asked us the following:

Under the Freedom of Information Act, please provide the below information for your force area broken down by the following calendar years:

2022, 2023, 2024

1 – The number of children aged 10-17 convicted of a criminal offence who were also a suspect / offender in a separate criminal offence which was committed when they were aged 9 and under (i.e – under the age of criminal responsibility)

If it becomes apparent that this FOI would not be able to be answered in full due to exemptions please suggest revisions that could be made to give some of the information requested – for example revising the dates.

We received your request on 04/06/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.

Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 1,100 occurrences whereby the individual charged with an offence was aged between 10 and 17 at the time of the offence. In order to determine whether the individual had previously been named as a suspect or offender on another occurrence when they were under 10 years old, the record for each of the 1,100 occurrences would require manual review. Further review would also need to be conducted in order to determine whether the individual was convicted, as this information may or may not be held by Staffordshire Police.

From dip sampling, it has been estimated that it would take approximately 5-10 minutes to review each record to answer this request, this would equate to between 91 and 183 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
