Staffordshire Police's response to your enquiry is as follows:

**Staffordshire Police holds the requested information.**

- As a freedom of information request, please provide:
- 1) For each month from January 2020, the number of hate crimes recorded, split by strand (such as: Race, Religion, Sexual Orientation, Disability, Transgender Identity) – **Partially disclosed, please see the accompanying file titled 'FOI 21474 Hate Crime Data'.**
- 2) For each month from January 2020, the number of hate crimes recorded, split by strand and category (such as: Violence against the person, stalking and harassment, public order offences, criminal damage and arson) – **Partially disclosed, please see the accompanying file titled 'FOI 21474 Hate Crime Data'.**

Please be advised that there may be more than one hate crime category for each offence, these have been listed together side by side. The data has been broken down by month with each year on separate tabs.

Please note that there are a number of offences that are still being investigated so with regard to these cases we are citing Section 30(1)(a)(b) of the Freedom of Information Act 2000 – Investigations conducted by Public Authorities. These have been removed from the dataset.

Please note that this data has been provided to the best of our ability, subject to the limitation of current recording protocols and systems/software. Additional offences may have been recorded during these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the data presented is accurate and complete. However, it is important to note that this has been extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the

terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

As a consequence, care should be taken in the interpretation and presentation of this data, so as to not misrepresent the whole or any part of the data disclosed.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.

**The following exemption has been applied:**

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

- Section 30(1)(a)(b) – Criminal Investigations

Section 30 is qualified and class based and, as such, we are required to apply the public interest test.

**Public Interest Test**

**Factors favouring disclosure under Section 30(1)(a)(b)**

Disclosure of the information would improve the public's knowledge and understanding of the investigatory process and, as all police investigations are publicly funded, would show how public funds are being spent.

**Factors favouring non-disclosure under Section 30(1)(a)(b)**

Disclosure of the requested information would prejudice how investigations are carried out in the future. Staffordshire Police is charged with enforcing the law, preventing and detecting crime and protecting the communities we serve. Any release of information relating to ongoing investigations could prejudice and undermine those investigations. The prevention and detection of such matters could therefore be hindered and therefore risk interference with evidence, which could have detrimental impact on future investigations. In addition, the right to a fair trial could be undermined.

**Balance test**

Disclosure under the Freedom of Information Act is a release of information to the world in general and not an individual applicant. Having considered the public interest factors we are required to determine whether on balance the factors favouring disclosure outweigh those which are against disclosure. It is our view that the factors favouring disclosure do not outweigh those which favour non-disclosure.
