FOI Ref 17863

Request - You asked us the following:

Can I please have the following numbers relating to:
How many incidents of drink spiking were recorded by your force from the years 2019-2024?
What was the location of the drink spiking incidents from the years 2019-2024?
How many cases of drink spiking resulted in a court case/prosecution from the years 2019-2024?
How many cases from the years 2019-2024 were successful? I.e., was the offender charged?

Could I please have this information broken down into yearly?

We received your request on 20/02/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 450 related occurrences, in order to ascertain whether these involved 'drink' spiking the record for each offence would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 4 minutes to review each record to answer this request, this would equate to over 30 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

To assist in refining your request, data can be provided for the following offences in the time period requested:

- Administering poison so as to endanger life
- Administering poison with intent to injure or annoy
- Administering a substance with intent

Please note that these offences may not relate to 'drink' spiking specifically. Data can also be provided for the number of charges.

Staffordshire Police do not hold conviction data. We would advise that you approach the Government HM Courts & Tribunals service website.
