

4 March 2025

FOI Ref 17873

Request - You asked us the following:

I am writing to request information under the Freedom of Information Act. Please could you acknowledge receipt of my request?

1. Please provide me the number of arrests in 2023 and 2024 and so far in 2025 (broken down by month if possible) of people on suspicion of breaching their electronic monitoring (tagging) conditions.

1a. Of the above, please identify how many of these arrests were as a result of a Section 9 (Criminal Justice Act) report from the monitoring company.

2. Please also provide the total number of Section 9 notifications in relation to electronic monitoring (tagging) breaches received in 2023, 2024 and so far in 2025 (broken down by month if possible).

Please feel free to contact me if you require any clarification or further information.

We received your request on 24/02/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.

Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 35,460 arrests. In order to ascertain whether the arrest was due to suspicion of breaching their electronic monitoring (tagging) conditions this would require a manual review of each arrest. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 4 minutes to review each record to answer this request, this would equate to over 2,364 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
