What was the approximate financial value for the contract to recover bicycles in the years 2020-2024, broken down by year?

Please be advised that a search has been carried out on our property system for 'Bicycles'. This may not be an accurate representation of the number of bikes seized during the requested period. In order for this search to be accurate all Officers would need to record this property as 'bicycle', however some Officers may record this as a 'general item' instead in which case this would not be returned in the search for the data above. A search of all general items would engage a Section 12 exemption.

Please note that this data has been provided to the best of our ability, subject to the limitation of current recording protocols and systems/software. Additional seizures may have been recorded during these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the data presented is accurate and complete. However, it is important to note that this has been extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

As a consequence, care should be taken in the interpretation and presentation of this data, so as to not misrepresent the whole or any part of the data disclosed.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
