FOI Ref 17996

Request - You asked us the following:

I am requesting data held by your police force on thefts specifically relating to building materials stolen from vans.

Please provide the following information:

The number of recorded thefts involving building materials stolen being stolen for each of the last 3 calendar years (2022–2024), broken down by year.

If available, please also include:

The type or description of materials stolen (e.g. timber, cement, bricks, plasterboard, etc.)

The location of where the materials were stolen from such as vans, construction sites, driveways etc.

The number of arrests and/or charges made in connection with these incidents.

We received your request on 21/03/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit. Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 43,600 theft occurrences in order to ascertain whether the items stolen included any 'building materials' the record for each offence would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 2,180 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
