FOI Ref 21334

Request - You asked us the following:

How many sexual assaults and rapes were reported where both the alleged victim and perpetrator were under 18 in 2024?

How many reported incidents of sexual assault including rape took place on school property in 2024?

How many reports were there of coercive control with an alleged victim aged under 20 in 2024?

How many reports of rape specifically from people taking off a condom without consent (also known as stealthing) in 2024?

We received your request on 12/05/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit. Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer questions 2 and 4 this request. For the time period requested, there have been in excess of 3,100 occurrences of rape and sexual assaults. In order to ascertain or determine whether the incident took place on school property, the record for each offence would require manual review. In addition, there have been in excess of 1,300 rape offences recorded in the time frame requested, and in order to determine whether they involved people taking off a condom without consent, these records would also require manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 220 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

If questions 2 and 4 were withdrawn, Staffordshire Police would be able to provide a response to the remaining questions in this request:

- How many sexual assaults and rapes were reported where both the alleged victim and perpetrator were under 18 in 2024?
- How many reports were there of coercive control with an alleged victim aged under 20 in 2024?

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
