FOI Ref 21335

Request - You asked us the following:

Please can you provide the following information:

- 1) The number of unlicensed music events (illegal raves) that police have been called to in the past five calendar years (2019-2024).
- 2) The number of individuals arrested for attending or hosting an unlicensed music event in the past five years
- 3) The number of individuals who have been fined for attending or hosting an unlicensed music event in the past five years, and the total sum that has been collected in fines for that period.
- 4) The age of the youngest person arrested or fined at an unlicensed music event each year. Please specify if they were arrested or fined.
- 5) The number of under 18s recorded as being at an unlicensed music event each year.

Please break down the figures by calendar year.

We received your request on 12/05/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. There is no specific incident type for 'unlicensed music events/illegal raves', these may fall under categories such as public order or anti-social behaviour. For the time period requested, there have been in excess of 103,200 possible incidents, in order to ascertain whether these incidents related to an 'unlicensed music event/illegal rave', the record for each one would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 5,160 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

In order to refine your request, a search can be carried out on our incident management database using a keyword search for 'illegal rave' in the time period requested where Officers have been resourced. Data could also be supplied for the number of arrests each year linked to those incidents that have subsequently been crimed along with the age of the youngest person arrested for each year.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
