FOI Ref 22050

Request - You asked us the following:

I would like to submit an FOI request under the Freedom of Information Act 2000 regarding reports of parcel theft from doorsteps/porches, also known as porch piracy.

Please would you provide the following information for the period of January 2023 – to date:

- The total number of reports of stolen parcels or packages from residential addresses.
- The total estimated value of items reported stolen in each incident.
- The total estimated value of items reported stolen in each year.
- The total number of cases of parcel theft where the offender(s) were prosecuted.

If possible, can the above data be organised by year, month and region?

Please find an example of how previous FOI requests to the police, for the same data, has been used in the past: <https://www.retail-insight-network.com/news/porch-pirate-crime-wave-costs-uk-retailers-376m/>

We received your request on 04/11/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 500 offences of 'Theft of mail bag or postal packet' in order to ascertain whether the items were taken from a residential address and also the value of the items stolen, the record for each offence would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 25 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

In order to refine your request, data can be provided for the offence of 'Theft of mail bag or postal packet' in the time period requested broken down by month and year along with the location and any outcome that resulted in a charge.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
