FOI Ref 22071

Request - You asked us the following:

1. Fireworks-related incidents generally

Please provide the total number of anti-social behaviour (ASB) incidents involving fireworks recorded by your force for each of the years 2020, 2021, 2022, 2023, and 2024.

2. Fireworks-related incidents involving pets or animals For each of those years, please indicate how many of these incidents involved domestic pets or companion animals (including any reports of injury, distress, or danger to such animals caused by fireworks).

If your recording system does not specifically identify incidents involving pets or companion animals, please instead provide the number of incidents that involved animals of any kind.

3. Outcomes

Where available, please indicate the final outcome or disposal of these incidents (for example: no further action, warning issued, community resolution, prosecution, referred to another agency, etc.).

If outcome data are available for the animal-related subset of incidents, please provide a separate breakdown for those cases.

We received your request on 06/11/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 1,040 incidents. In order to ascertain whether the firework incident involved animals and the outcome of this incident. The record for each incident would require manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 5 minutes to review each record to answer this request, this would equate to over 86 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

In order to assist in refining your request, data could be provided for your requested time period, where the incident has been recorded as 'ASB – Fireworks', broken down by year.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
