FOI Ref 21833

Request - You asked us the following:

Please could I request the following information under the Freedom of Information Act, which I am asking of every police force in the UK:

1. The number of group-based child sexual exploitation offences recorded by the force for each of the past three calendar years (Or if this data has not been recorded, the number of child sexual abuse offences, flagged as child sexual exploitation, for each of the past three calendar years)
2. The total number of alleged victims involved in these offences for each of the past three calendar years.
3. The number of requests the force has made to Snapchat (Snap Inc) for account data/records, as part of investigations into group-based child sexual exploitation investigations (or CSA investigations flagged as CSE) for each of the past three calendar years.

We received your request on 08/09/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer question 3 of this request. For the time period requested, there have been 1,332 applications for Snapchat data, in order to ascertain whether these applications related to group-based child sexual exploitation or child sexual abuse the record for each one would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 30 minutes to review each record to answer this request, this would equate to over 666 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.
