FOI Ref 21905

**Request - You asked us the following:**

Please disregard my email from two weeks ago regarding e-bike crimes. I understand this is beyond the payable remit.

I have simplified the question into two sections please so I hope this helps:

1. Can you list the number of offences last year where an e-bike has been used by a suspect to commit a crime;
2. Can you list the number of offences last year where an e-scooter has been used by a suspect to commit a crime;
3. Can you list the number of offences last year where an e-bike has been used by a suspect to commit a crime over the last 3-5 years (whichever is most financially obtainable);
4. Can you list the number of offences last year where an e-scooter has been used by a suspect to commit a crime over the last 3-5 years (whichever is most financially obtainable);

We received your request on 30/09/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

**The following exemption has been applied:**

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

**The above information has been withheld for the following reasons:**

There is no method by which we can readily retrieve information from our systems to answer this request. In 2024 alone, there have been in excess of 116,000 recorded occurrences, in order to ascertain whether an 'e-bike' or 'e-scooter' was used by a suspect to commit an offence, the record for each occurrence would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 2 minutes to review each record; to answer this request would equate to over 3,866 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

### **Advice and assistance**

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
