FOI Ref 21922

Request - You asked us the following:

Under the Freedom of Information Act 2000, I would like to request the following:

- The number of individuals aged 18–24 arrested by your force between 1 January 2020 and the most recent available data in 2025 who were recorded as living in young persons' supported accommodation (e.g. YMCA, Depaul, Foyer, or similar schemes for homeless young people).
- If available, a breakdown by year.

I only require anonymised, aggregated data (no personal details), as this is for a research project at university.

If this information is not recorded, please confirm this.

I would prefer to receive the data in electronic format if possible.

We received your request on 06/10/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.

Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 12,000 arrests where the detainee was aged 18-24. In order to determine whether the detainee lived in young persons' supported accommodation, the record for each arrest would require manual review.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 600 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by some considerable margin.

Furthermore, Staffordshire Police are not able to readily retrieve arrest data prior to May 2020. This is because on 20th May 2020 Staffordshire Police implemented a new case management system. This system brought data from a number of legacy systems into one to provide a single nominal record, including the custody system. The old custody system has now been decommissioned and as a result

there is no search facility to be able to retrieve the requested data. It would entail searching thousands of records to establish if it fitted the criteria of the request.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
