FOI Ref 21775

Request - You asked us the following:

I am writing to request information under the Freedom of Information Act 2000 regarding the ERP Upgrade contract awarded to SSS Public Safety Ltd, with a reported value of £3,200,000. Specifically, I would like to obtain:

- A breakdown of the main deliverables and milestones within the contract.
- Any documentation outlining selection criteria used in awarding this contract.
- Details of ongoing support or maintenance provisions tied to this upgrade.

I would be grateful for any details you can provide.

Thank you for your assistance.

We received your request on 21/08/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

Staffordshire Police holds the requested information.

- A breakdown of the main deliverables and milestones within the contract. – **Withheld.**
- Any documentation outlining selection criteria used in awarding this contract. – **Withheld.**
- Details of ongoing support or maintenance provisions tied to this upgrade. – **Withheld.**

The following exemption has been applied:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

- Section 43(2) Commercial Interests

This is a prejudice based qualified exemption which means there is a requirement to provide evidence of harm and a public interest test needs to be considered.

Harm:

The information relating to the ERP Upgrade contract, including the main deliverables and milestones, selection criteria and ongoing support provisions, if released into the public domain, would harm Staffordshire Police's negotiating position with regards to future contracts for equipment or services. There

are commercially confidential clauses within the contract which are not permitted to be shared to the wider public.

Public Interest Test

Factors favouring disclosure under Section 43(2)

Disclosure of the requested information would allow the public to be aware of how public funds are spent or allocated and thereby would provide transparency and accountability, showing that funds from the public purse are used appropriately and proportionally.

Factors favouring non-disclosure under Section 43(2)

Through disclosure of the requested information, Staffordshire Police would find that its negotiating position would be greatly impaired through the release of details that would not only likely be prejudicial to Staffordshire Police but also to the agencies/companies involved. Releasing this information would be expected to have a detrimental effect on their ability to be competitive in the future and would be exceedingly likely to deter further enterprises submitting offers for tender in the future. This then would impede Staffordshire Police obtaining the most competitive or appropriate services in the future and negatively impact upon the public purse.

Balance test

It is the responsibility of Staffordshire Police, when dealing with commercial businesses, to not only protect their commercial interest but also that of Staffordshire Police. Commercial interests must be protected so that the best possible value for money is obtained through open competition, both for businesses and Staffordshire Police. This would not be achieved if full details were to be made available to the market.

Although the use of public funds must be open and transparent, Staffordshire Police is accountable for the money that it spends and utilises and if to release the information means the force is unable to negotiate future tendering and have the ability to secure value for money due to business relationships having been impaired, then this would not be in the public interest.

Having considered the public interest test factors, we are required to determine whether, on balance, the factors favouring disclosure outweigh those which are against disclosure. It is our view that the factors favouring disclosure do not outweigh those which favour withholding the details. Therefore, Staffordshire Police declines to provide the information for the reasons stated above.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
