FOI Ref 21816

Request - You asked us the following:

The total number of recorded racist and anti-migrant crimes over the past three years (broken down by year, if possible).

A list of each recorded incident of racist and anti-migrant crimes within this period, including:

The date and location of the offence, and The nature of the incident (for example, what was said or done). The purpose of my request is to understand whether the recent political and media focus on immigration, including small boat crossings, may have had an impact on the prevalence of crimes targeting ethnic minorities and migrants.

We received your request on 03/09/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 347,000 occurrences, in order to ascertain whether the offence related to an 'anti-migrant crime' the record for each offence would require a manual review. There is no specific crime type for this so therefore all crime types would need to be looked at to see whether 'anti-migrant' or anything similar was mentioned anywhere in the occurrence log. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 17,350 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

In order to refine your request, data can be provided for all racial hate crimes in the time period requested along with the date, Local Policing Team location and offence type. However please be advised that this does not relate to 'anti-migrant crimes', only racial hate crimes.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
