FOI Ref 21877

Request - You asked us the following:

May I please request the following information, under the Freedom of Information Act.

A driver in the UK may be charged with an offence for driving too SLOWLY, typically recorded as 'careless driving' or 'dangerous driving'.

- How many careless driving/dangerous case/driving offences have been recorded by your force that also reference driving too 'slow' or too 'slowly'.
- Could I have a breakdown of those figures going back five years (specifically for the years 2020, 2021, 2022, 2023, 2024 and 2025 so far).
- Of any recorded cases, are you able to state the name of the road in which the offence took place.
- If possible, please state the AGE of the driver charged with the offence
- Please also provide any details about the nature of the charge (ie, fine, fixed penalty notice, etc).

We received your request on 23/09/2025 and have processed this under the Freedom of Information Act (FOIA).

Staffordshire Police's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this particular request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which we can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 11,300 careless driving offences recorded on our driving offences recording system. In order to determine if the offence was recorded due to a driver driving too slowly, the location of the offence, the age of the driver and the outcome of the offence, the record for each offence would require manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 565 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by some considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, in order to comply with this obligation please see below.

Unfortunately, we cannot suggest a way in which your request could be simplified or pared down in order to bring it within the confines of the time and cost threshold.

Please be advised that all Freedom of Information request responses are published on the Staffordshire Police website although personal details are not included.
