FOI Ref 22715

Request - You asked Staffordshire Police (SP) the following:

Q1. From 1st July 2025 - 30th September 2025, how many dispersal orders were issued to individuals identified as rough sleepers?

Q2. From 1st July 2025 - 30th September 2025, how many people were arrested under the Vagrancy Act?

Q3. From 1st July 2025- 30th September 2025, how many times did officers move on people deemed to be sleeping rough?

Q4. Does your Force have guidance/policy in place that details if rough sleepers should be moved on from locations ahead of community events? If yes, please provide a copy of this guidance/policy

SP received your request on 30/03/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which SP can readily retrieve information from our systems to answer question 3 of this request. In order to establish the number of times officers moved on people deemed to be sleeping rough, a manual review would need to be conducted for every incident recorded within the time period requested. This is because there isn't a specific incident type for this type of incident, and therefore it is not readily retrievable from SP's incident recording systems. For just one day, there are over 900 incidents. Therefore, it is estimated that over 82,000 incidents would need to be manually reviewed in order to retrieve the data for question 3. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 5 minutes to review each record to answer this request, this would equate to over 6,833 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by a considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, to comply with this obligation please see below.

Unfortunately, SP cannot suggest a way in which question 3 of your request could be simplified or pared down to bring it within the confines of the time and cost threshold.

SP can confirm that no information is held in relation to question 4. For question 1 and question 2, after conducting the relevant searches of SP's systems, both returned a nil result.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.
