FOI Ref 22780

Request - You asked Staffordshire Police (SP) the following:

Under the Freedom of Information Act 2000, I would like to request the following information.

For each calendar year 2021,2022,2023,2024, 2025:

1. The number of recorded sexual offences where the suspect was identified (or recorded) as:

- * A taxi (hackney carriage) driver, or
- * A private hire driver

If occupation is not a searchable field, please instead provide:

* Data based on keyword searches of crime reports, MO fields, or occurrence summaries using terms such as:

“taxi”, “cab”, “private hire”, “Uber”

Please include results based on keyword matches without requiring manual verification, where necessary to remain within cost limits.

2. If available, a breakdown by:

- * Offence type
- * Outcome

3. If available within cost limits, a breakdown of offences by time of day (for example, grouped into hourly bands or broader categories such as daytime vs night-time).

4. Please confirm whether your force uses any flag, marker, or category to identify offences involving taxi or private hire drivers.

If the full request exceeds cost limits, please prioritise Question 1.

Please provide the data in spreadsheet format where possible.

SP received your request on 20/04/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

SP holds/does not hold the requested information.

For each calendar year 2021,2022,2023,2024, 2025:

- 1. The number of recorded sexual offences where the suspect was identified (or recorded) as:
 - * A taxi (hackney carriage) driver, or
 - * A private hire driverIf occupation is not a searchable field, please instead provide:
 - * Data based on keyword searches of crime reports, MO fields, or occurrence summaries using terms such as: "taxi", "cab", "private hire", "Uber" – **Disclosed, please see the accompanying file titled 'FOI 22780 Sexual Offences in Taxis Data.xlsx'.**
- 2. If available, a breakdown by:
 - * Offence type
 - * Outcome – **Partially disclosed, please see the accompanying file titled 'FOI 22780 Sexual Offences in Taxis Data.xlsx'.**
- 3. If available within cost limits, a breakdown of offences by time of day (for example, grouped into hourly bands or broader categories such as daytime vs night-time). – **Partially disclosed, please see the accompanying file titled 'FOI 22780 Sexual Offences in Taxis Data.xlsx'.**
- 4. Please confirm whether your force uses any flag, marker, or category to identify offences involving taxi or private hire drivers. – **No information held.**

Please note that this data was obtained by completing a summary search for the terms "taxi", "cab", "Uber" and "private hire" within sexual offences occurrences. The reliability of these searches cannot be guaranteed as only the MO / summary field of the report is searched. If this term is mentioned elsewhere (i.e. within the call log, crime report, statements etc) these will not be returned in the results. Additionally, if the term is misspelt within the MO / summary field, this will not be returned. These results were then manually reviewed in order to confirm that the suspect was recorded as a taxi driver.

Please note that there are 7 offences that are still being investigated so with regard to these cases we are citing Section 30(1)(a)(b) of the Freedom of Information Act 2000 – Investigations conducted by Public Authorities.

The following exemption has been applied:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for parts of this particular request.

- Section 30(1)(a)(b) – Criminal Investigations

Section 30 is qualified and class based and, as such, we are required to apply the public interest test.

Public Interest Test

Factors favouring disclosure under Section 30(1)(a)(b)

Disclosure of the information would improve the public's knowledge and understanding of the investigatory process and, as all police investigations are publicly funded, would show how public funds are being spent.

Factors favouring non-disclosure under Section 30(1)(a)(b)

Disclosure of the requested information would prejudice how investigations are carried out in the future. SP is charged with enforcing the law, preventing and detecting crime and protecting the communities served. Any release of information relating to ongoing investigations could prejudice and undermine those investigations. The prevention and detection of such matters could therefore be hindered and therefore risk interference with evidence, which could have detrimental impact on future investigations. In addition, the right to a fair trial could be undermined.

Balance test

Disclosure under the Freedom of Information Act is a release of information to the world in general and not an individual applicant. Having considered the public interest factors SP are required to determine whether on balance the factors favouring disclosure outweigh those which are against disclosure. It is SP's view that the factors favouring disclosure do not outweigh those which favour non-disclosure.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.
