FOI Ref 23285

Request - You asked Staffordshire Police (SP) the following:

I would like to take you up on your offer to provide the data filtered for the person flag "Learning Disability" only, showing the offence and outcome information in the same format as provided in response to my original request.

I would be grateful if this could cover the same period, 2021 to 2025, using the same offence and outcome categories as in the original data.

There is no need at this stage to provide a separate dataset filtered for the "Vulnerable Person" flag only, as my particular interest is in the offences and outcomes for victims specifically identified through the "Learning Disability" person flag.

SP received your request on 21/08/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

SP holds the requested information.

- I would like to take you up on your offer to provide the data filtered for the person flag "Learning Disability" only, showing the offence and outcome information in the same format as provided in response to my original request.

I would be grateful if this could cover the same period, 2021 to 2025, using the same offence and outcome categories as in the original data.

There is no need at this stage to provide a separate dataset filtered for the "Vulnerable Person" flag only, as my particular interest is in the offences and outcomes for victims specifically identified through the "Learning Disability" person flag. – **Partially disclosed, please see the accompanying file titled 'FOI 23285 Refinement of FOI 23126 Electronic Recording of Victims Data.xlsx'.**

Please note that there are offences that are still being investigated so with regard to these cases SP are citing Section 30(1)(a)(b) of the Freedom of Information Act 2000 – Investigations conducted by Public Authorities.

The following exemption has been applied:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for parts of this particular request.

- Section 30(1)(a)(b) – Criminal Investigations

Section 30 is qualified and class based and, as such, we are required to apply the public interest test.

Public Interest Test

Factors favouring disclosure under Section 30(1)(a)(b)

Disclosure of the information would improve the public's knowledge and understanding of the investigatory process and, as all police investigations are publicly funded, would show how public funds are being spent.

Factors favouring non-disclosure under Section 30(1)(a)(b)

Disclosure of the requested information would prejudice how investigations are carried out in the future. SP is charged with enforcing the law, preventing and detecting crime and protecting the communities SP serves. Any release of information relating to ongoing investigations could prejudice and undermine those investigations. The prevention and detection of such matters could therefore be hindered and therefore risk interference with evidence, which could have detrimental impact on future investigations. In addition, the right to a fair trial could be undermined.

Balance test

Disclosure under the Freedom of Information Act is a release of information to the world in general and not an individual applicant. Having considered the public interest factors SP are required to determine whether on balance the factors favouring disclosure outweigh those which are against disclosure. It is SP's view that the factors favouring disclosure do not outweigh those which favour non-disclosure.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing. The review will be conducted by a Supervisor who is independent from the original Decision Maker. The Information Access Team will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within 20 working days. In more complex cases the review may take up to 40 working days.

The independent Supervisor will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, taking into account the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the Independent Supervisor will reply to the appellant with the result of the review. If the appellant is still dissatisfied following the review they should contact the Information Commissioner to make an appeal.
