FOI Ref 23296

Request - You asked Staffordshire Police (SP) the following:

Please provide the following information, broken down by year, for 2019 to 2025:

1. How many voyeurism offences did your force record each year?
2. How many harassment offences did your force record each year?
3. How many of these offences involved someone being filmed or photographed without their knowledge or consent using wearable recording devices?
4. How many recorded offences specifically mentioned Meta smart glasses, or other smart recording glasses, being used?
5. Of the offences involving smart recording glasses, how many resulted in a charge?
6. Of the offences involving smart recording glasses, how many resulted in a conviction?

SP received your request on 24/08/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which SP can readily retrieve information from local police systems to answer parts of this request. For the time period requested, there have been in excess of 65,200 voyeurism and harassment offences. To ascertain how many of these offences involved someone being filmed or photographed without their knowledge or consent using wearable recording devices, the record for each offence would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 3,260 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by a considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, to comply with this obligation please see below.

In order to refine your request, data can be provided for questions 1, 2, 4 and 5.

With regards to question 4 a free text word search can be carried out in the MO field for 'Meta smart glasses', 'smart glasses' and 'smart recording glasses'. However please note that the accuracy and reliability of these searches cannot be guaranteed as only the MO / summary field of the report is searched. If this term is mentioned elsewhere (i.e. within the call log, crime report, statements etc) these will not be returned in the results. Additionally, if the term is misspelt within the MO / summary field, this will not be returned. To provide accurate results would require manually interrogating each crime within the specified timeframe to establish its relevance to your request.

With regards to question 6, SP do not hold conviction data. We would advise that you approach the Government HM Courts & Tribunals service website.

Please find below links to previously disclosed HMCTS data and details upon how to submit a further Freedom of Information request to the Government HM Courts and Tribunals Service for this information. Make an FOI request - [how to make a request](#).

3. Review Procedure

Receipt of a request for review will be acknowledged in writing. The review will be conducted by a supervisor who is independent from the original Decision Maker. The Information Access Team will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within 20 working days. In more complex cases the review may take up to 40 working days.

The independent Supervisor will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, considering the matters raised by the complaint.
