FOI Ref 22479

Request - You asked Staffordshire Police (SP) the following:

Under the Freedom of Information Act 2000, I would like to kindly request annual totals from 2010-2025 for the following information and statistics:

1. The number of dog bites from dogs owned by members of the public
2. The number of Level 3 (Dunbar Scale) injuries within Staffordshire police force area
3. The number of Level 4 (Dunbar Scale) injuries within Staffordshire police force area
4. The number of Level 5 (Dunbar Scale) injuries within Staffordshire police force area
5. The number of deaths occurring from dog bites within Staffordshire police force area
6. The breeds of the offending dogs from the total in request 1 if reported
7. How many dogs were seized following a dog bite incident

SP received your request on 03/02/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which SP can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 4,900 dangerous dogs causing injury offences. In order to determine the number of dog bites, the breed of dog involved, the number of dogs seized and the injury assessment from the attack, the record for each offence would require manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 30 minutes to review each record to answer this request, this would equate to over 2,450 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by a considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, to comply with this obligation please see below.

If your request was refined, SP would be able to provide the number of fatal dog attacks between 2010 and 2025.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.
