SP received your request on 13/02/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit. Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which SP can readily retrieve information from our systems to answer this request. For the time period requested, there have been in excess of 6,840 rape offences and 5,660 sexual assault offences. In order to ascertain whether the offence included marital rape, rape occurring in a domestic setting, rape committed by a partner or ex-partner, or sexual assault within a domestic setting. Each

offence would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 5 minutes to review each record to answer this request, this would equate to over 585 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the FOI Act by a considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, to comply with this obligation please see below.

In order to assist in refining your request data could be provided for all rape and sexual assaults offences, broken down by year and if there was a charge. However, please note further exemptions may apply.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.
