

14 January 2026

FOI Ref 22262

Request - You asked Staffordshire Police (SP) the following:

Please provide STATS19-recorded road traffic collision data for the A53, covering the stretch from the Staffordshire county boundary to the town of Leek, within the Staffordshire Moorlands.

I request data for the most recent 10 calendar years for which data is held.

For each collision, please provide the following STATS19 fields where recorded:

- Date of collision
- Time of collision
- Location (road name and grid reference or coordinates)
- Severity classification (slight, serious, fatal)
- Number of vehicles involved
- Recorded contributory factors
- Road user type(s) involved (including pedestrian and cyclist involvement)

SP received your request on 18/12/2025 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

SP holds the requested information.

- Please provide STATS19-recorded road traffic collision data for the A53, covering the stretch from the Staffordshire county boundary to the town of Leek, within the Staffordshire Moorlands.
 - I request data for the most recent 10 calendar years for which data is held.
For each collision, please provide the following STATS19 fields where recorded:
 - Date of collision
 - Time of collision
 - Location (road name and grid reference or coordinates)
 - Severity classification (slight, serious, fatal)
 - Number of vehicles involved
 - Recorded contributory factors
 - Road user type(s) involved (including pedestrian and cyclist involvement)
- Disclosed, please see the accompanying file titled 'FOI 22262 RTC's on the A53 Data'.**

Please be advised that the data has been provided for all RTC's (Road Traffic Collisions) on the A53 stretch of road from Leek town to the Staffordshire border in the Staffordshire Moorlands. The number of vehicles involved, any contributory factors and the road user type have been provided where these have been recorded in the incident log, where there is no information, this has been labelled in the data as 'Not recorded.'

Please note that this data has been provided to the best of the ability of SP, subject to the limitation of current recording protocols and systems/software. Additional incidents may have been recorded during these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the data presented is accurate and complete. However, it is important to note that this has been extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

Consequently, care should be taken in the interpretation and presentation of this data, to not misrepresent the whole or any part of the data disclosed.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from SP, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing within two months of the date of receipt of this email, and should be addressed to:

IAT@staffordshire.police.uk

Or by Post to:

Information Access Team
Staffordshire Police HQ
PO Box 3167
Stafford
ST16 9JZ

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Information Access Team within two months of the SP response to the original FOI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing. The review will be conducted by a supervisor who is independent from the original Decision Maker. The Information Access Team will set a target date for a response. The response will be made as soon as is practicable with the intention to

complete the review within twenty working days. In more complex cases the review may take up to forty working days.

The independent supervisor will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, considering the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the independent supervisor will reply to the appellant with the result of the review. If the appellant is still dissatisfied following the review they should contact the Information Commissioner to make an appeal. The Information Commissioner can be contacted via the following link: <https://ico.org.uk/make-a-complaint/foi-and-eir-complaints/foi-and-eir-complaints/>
