Internal Review

Re: Request for internal review of response to application for information under the provisions of the Freedom of Information Act 2000, original request first notified to Staffordshire Police on 26/11/2025

We refer to the above request which was expressed in the following terms:

I note in the press that you are thinking of introducing AI for your 101 calls .

As this is risky and innovative technology it requires a full data protection impact assessment and full scrutiny and approval through your various governance boards.

1. Please provide me with all copies, latest and previous drafts of the DPIA that has been completed for this intended purpose
2. Please provide me with copies of the Staffs Police Risk management board minutes that have approved this use of AI - the senior management board and the risk board and any papers submitted to those boards on this topic
3. Please provide me with copies of any internal data protection governance meetings where this has been discussed
4. Please provide me with copies of minutes of the discussion and approval of this proposal between the police and the PCC
5. Please provide a copy of the business case and value for money proposition that is associated with this new technology

Further to the above, we also note the following comments made within your request for Internal Review.

You claim no information held but any significant change to processing of data requires a DPIA .

I am requesting a further search within your IT and Business change teams to establish if not data is held

Our Response

Upon review of your request for information under the Freedom of Information provision referenced above and all corresponding communication, we are of the opinion that the response issued, alongside all clarification provided, fully answers the terms of your request. Staffordshire Police confirm that no information is held relevant to your request.

STAFFORDSHIRE
POLICE

Please be advised that all FOI requests and response letters are published on the Staffordshire Police website although personal details are not included.

If you are not content with the outcome of the review, you may apply directly to the Information Commissioner to investigate. The Information Commissioner can be contacted at:
