

18 January 2026

FOI Ref 22393

Request - You asked Staffordshire Police (SP) the following:

I am seeking aggregated recorded-crime data (not incident logs) relating to thefts from vans (i.e., property stolen from a vehicle, not theft of the vehicle itself).

For each calendar year:

- 2024
- 2025

Please provide the total number of recorded crimes in your force area where:

- the offence classification is "Theft from a motor vehicle" / "Theft from vehicle" (or your closest equivalent recorded-crime classification for theft from a vehicle), AND
- the victim vehicle is recorded as a van / light commercial vehicle (e.g., van, panel van, Luton van, light goods vehicle, LCV, or equivalent local vehicle-type/body-type codes).

If straightforward from the same query, please also provide a monthly breakdown (YYYY-MM) for the same period.

If you are unable to filter reliably to vans/LCVs, please instead provide the total "theft from motor vehicle / theft from vehicle" counts for 2024 and 2025, and briefly explain why the van/LCV filter cannot be extracted.

Please provide the data in CSV or Excel format. I am not requesting any personal data.

SP received your request on 15/01/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

POLICE

- the victim vehicle is recorded as a van / light commercial vehicle (e.g., van, panel van, Luton van, light goods vehicle, LCV, or equivalent local vehicle-type/body-type codes).

If straightforward from the same query, please also provide a monthly breakdown (YYYY-MM) for the same period.

If you are unable to filter reliably to vans/LCVs, please instead provide the total "theft from motor vehicle / theft from vehicle" counts for 2024 and 2025, and briefly explain why the van/LCV filter cannot be extracted. – **Disclosed, please see the accompanying file titled 'FOI 22393 Thefts from Vans Data.xlsx'. Please be advised that we are unable to filter for the results by vehicle type stolen from without manually reviewing all occurrences, which would exceed the 18-hour time and cost limit as stipulated by the FOI Act. Therefore, we have provided the total 'theft from a motor vehicle' offences for the time period requested, broken down by month/year.**

Please note that this data has been provided to the best of the ability of SP, subject to the limitation of current recording protocols and systems/software. Additional offences may have been recorded during these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the data presented is accurate and complete. However, it is important to note that this has been extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

Consequently, care should be taken in the interpretation and presentation of this data, to not misrepresent the whole or any part of the data disclosed.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from SP, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing within two months of the date of receipt of this email, and should be addressed to:

IAT@staffordshire.police.uk

Or by Post to:

Information Access Team
Staffordshire Police HQ

STAFFORDSHIRE

ST16 9JZ

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Information Access Team within two months of the SP response to the original FOI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing. The review will be conducted by a supervisor who is independent from the original Decision Maker. The Information Access Team will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to forty working days.

The independent supervisor will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, considering the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the independent supervisor will reply to the appellant with the result of the review. If the appellant is still dissatisfied following the review they should contact the Information Commissioner to make an appeal. The Information Commissioner can be contacted via the following link:
