FOI Ref 22996

Request - You asked Staffordshire Police (SP) the following:

Under the Freedom of Information Act 2000, I would like to request information regarding speeding offences detected on roads with a speed limit of 60mph within your force area.

For each of the following calendar years: 2021, 2022, 2023, 2024 and 2025, please can you provide the following:

- 1) The total number of motorists detected travelling above the 60mph speed limit on roads with a 60mph speed limit
- 2) A breakdown of the number of motorists detected in the following speed bands:
 - 61-70mph
 - 71-80mph
 - 81-90mph
 - 91-100mph
 - Over 100mph
- 3) The single highest speed recorded on a road with a 60mph speed limit during the entire period covered by this request (2012-2015), together with the road name/location and date of the offence, if held.

Clarification received on 02/07/2026

The request for Q3 should cover the same time period as the previous questions, so 2021-2025, not 2012-2015. Please could you provide the highest recorded speed in a 60mph single carriageway for that period.

SP received your request on 11/06/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

However, it is important to note that data is extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.
