

9 July 2026

FOI Ref 23052

Request - You asked Staffordshire Police (SP) the following:

1. How many detective constables are there in your force in 2026?
2. How many detective constables are female, or identify as female in 2026?

I would, ideally, like the data to include police officers in detective constable roles who are working towards Pip2 accreditation. I understand this may be problematic and await your guidance on that query. If you can only provide data from 2024 or 2025, that would be suitable if 2026 data is unavailable.

SP received your request on 29/06/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

SP holds the requested information.

1. How many detective constables are there in your force in 2026?
- **Disclosed: 258.**
- 2. How many detective constables are female or identify as female in 2026?
Disclosed: 142.

I would, ideally, like the data to include police officers in detective constable roles who are working towards Pip2 accreditation. I understand this may be problematic and await your guidance on that query. If you can only provide data from 2024 or 2025, that would be suitable if 2026 data is unavailable.

- **Disclosed: There are a further 102 officers who are, as of the time of this request, working towards PIP2 Accreditation.**

Please note that these figures have been provided to the best of the ability of SP, subject to the limitation of current recording protocols and systems and software. Therefore, care should be taken in the interpretation and presentation of this data, so as to not misrepresent the whole or any part of the data disclosed.

All Freedom of Information request responses are published on the SP website although personal details are not included.

POLICE

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from SP, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing within two months of the date of receipt of this email, and should be addressed to:

IAT@staffordshire.police.uk

Or by Post to:

Information Access Team
Staffordshire Police HQ
PO Box 3167
Stafford
ST16 9JZ

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Information Access Team within two months of the SP response to the original FOI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing. The review will be conducted by a supervisor who is independent from the original Decision Maker. The Information Access Team will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to forty working days.

The independent supervisor will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, considering the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the independent supervisor will reply to the appellant with the result of the review. If the appellant is still dissatisfied following the review they should contact the Information Commissioner to make an appeal. The Information Commissioner can be contacted via the following link: <https://ico.org.uk/make-a-complaint/foi-and-eir-complaints/foi-and-eir-complaints/>
