FOI Ref 23087

Request - You asked Staffordshire Police (SP) the following:

Please provide me the following information:

- Number of deaths within your force area by those aged under 21 within the last 5 years that the police attended (This means the physical Presence of Uniformed Officers)
- Please provide a breakdown of this figure year by year and separate it into Gender (at Birth)
- For those that took place in public, please provide me a list of the recorded locations

If you have any questions please let me know.

SP received your request on 06/07/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which SP can readily retrieve information from local police systems to answer this request. For the period requested, there have been in excess of 4,840 incidents where the call type description includes death and an officer was resourced. To ascertain whether the victim was under the age of 21, the gender and if they took place in public, the record for each offence would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 3 minutes to review each record to answer this request, this would equate to over 242 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by a considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, to comply with this obligation please see below.

In order to assist in refining your request, data can be provided from 01/10/2021 (the date from which the data is held) to 06/07/2026 broken down by year where the call type description is recorded as Sudden Death 18 Years and Over or Sudden Death Under 18 Years, and where an officer was resourced.

Please note this data would not include incidents recorded under other call type descriptions that may have involved a death.

All Freedom of Information request responses are published on the SP website although personal details are not included.
