

17 July 2026

FOI Ref 23106

Request - You asked Staffordshire Police (SP) the following:

I am writing to you under the Freedom of Information Act 2000 to request the following information:

1. How many unique incidents were recorded on your command and control system under the term "Anti-Social Behaviour"? For each of the following years, please state the number of unique incidents.

- a. 2025 (1 January–31 December 2025)
- b. 2026 (1 January 2026 to the date this request is processed)

2. Of the incidents identified in Question 1, how many have a recorded log entry showing that a police officer or PCSO was dispatched to, and arrived at, the scene (i.e. physical attendance)? For each of the following years, please state the number of unique incidents.

- a. 2025 (1 January–31 December 2025)
- b. 2026 (1 January 2026 to the date this request is processed)

Please provide the requested information in a spreadsheet format (such as Microsoft Excel), if possible.

Correspondence with applicant:

SP can provide most of the data requested, but it would engage S12 to provide the number of ASB incidents where an officer or PCSO actually attended the scene. However, SP can provide the number of incidents that were resourced, i.e. an officer/PCSO was dispatched. If you would like this data, please confirm that you are happy to withdraw the part of the request relating to officer/PCSO attendance at the scene.

Clarification received on 15/07/2026:

Please can you provide the number of incidents that were resourced, i.e. an officer/PCSO was dispatched.

SP received your request on 09/07/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

SP holds the requested information.

2. Of the incidents identified in Question 1, how many have a recorded log entry showing that the incident was resourced i.e. an officer/PCSO was dispatched? For each of the following years, please state the number of unique incidents.

Please note that these figures have been provided to the best of the ability of SP, subject to the limitation of current recording protocols and systems/software. Additional incidents may have been recorded during these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the figures presented are accurate and complete. However, it is important to note that data is extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

As a consequence, care should be taken in the interpretation and presentation of this data, so as to not misrepresent the whole or any part of the data disclosed.

All Freedom of Information request responses are published on the SP website although personal details are not included.

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from SP, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing within two months of the date of receipt of this email, and should be addressed to:

IAT@staffordshire.police.uk

Or by Post to:

Information Access Team
Staffordshire Police HQ
PO Box 3167

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Information Access Team within two months of the SP response to the original FOI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing. The review will be conducted by a supervisor who is independent from the original Decision Maker. The Information Access Team will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to forty working days.

The independent supervisor will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, considering the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the independent supervisor will reply to the appellant with the result of the review.
