Internal Review

Re: Request for internal review of response to application for information under the provisions of the Freedom of Information Act 2000, original request first notified to Staffordshire Police (SP) on 02/06/2026.

SP refer to the above request which was expressed in the following terms:

- 1) The total number of Notice of Intended Prosecutions ("NIPs") for speeding offences issued in the calendar year 2024, broken down by speed limit. Please include all NIPs, regardless of how generated.
- 2) Of the total number of NIPs above, how many were generated from fixed cameras, also broken down by speed limit.

Further email received from applicant on 04/06/2026

I have made an error in this request. I would like the data for 2025, not 2024, as stated

Further to the above, SP also note the following comments made within your request for Internal Review.

Please pass this on to the person who conducts Freedom of Information reviews.

I am writing to request an internal review of Staffordshire Police's handling of my FOI request 'Speed limit enforcement in 2025'.

Staffordshire has said that this information is not available and does not know when it will be become available. Staffordshire will be the only Police Force in England which is unable to supply the data

SP Response

Whilst SP appreciates that being unable to obtain this information is frustrating. SP is unable to provide the data due to a change in process of the system used to service this request. Users are awaiting training from another force, and this is needed before they can be granted access to the data. Until the training is received, no data can be accessed. SP have been waiting for several months for this training, and it has been scheduled for the 22nd of September 2026. It is hoped that following this more users will

be able to have access to the system/data which will enable FOI requests to be serviced in a timelier manner.

Please be advised that all FOI requests and response letters are published on the Staffordshire Police website although personal details are not included.

If you are not content with the outcome of the review, you may apply directly to the Information Commissioner to investigate. The Information Commissioner can be contacted at:
