Request - You asked Staffordshire Police (SP) the following:

I am writing to request the following information under the Freedom of Information Act 2000:

- The number of crime reports since the beginning of 2024 until the receipt of this email in which CharacterAI was mentioned.
- In these reports, what crimes were alleged? E.g. blackmail, or stalking.
- How many people have been charged in cases where Character AI has been mentioned?
- How many of these cases are ongoing?

SP received your request on 09/07/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

SP holds the requested information.

- The number of crime reports since the beginning of 2024 until the receipt of this email in which CharacterAI was mentioned. – **Disclosed, nil**
- In these reports, what crimes were alleged? E.g. blackmail, or stalking. – **Not applicable.**
- How many people have been charged in cases where Character AI has been mentioned? – **Not applicable.**
- How many of these cases are ongoing? – **Not applicable.**

Please note:

- This data was obtained by completing a summary search for the terms "CharacterAI" and "Character AI". The accuracy and reliability of these searches cannot be guaranteed as only the MO / summary field of the report is searched. If this term is mentioned elsewhere (i.e. within the call log, crime report, statements etc) these will not be returned in the results. Additionally, if the term is misspelt within the MO / summary field, this will not be returned. To provide accurate results would require manually interrogating each crime within the specified timeframe to establish its relevance to your request.
- These figures have been provided to the best of the ability of SP, subject to the limitation of current recording protocols and systems/software. Additional offences may have been recorded during

these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

- Every effort is made to ensure that the figures presented are accurate and complete. However, it is important to note that data is extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.
- As a consequence, care should be taken in the interpretation and presentation of this data, so as to not misrepresent the whole or any part of the data disclosed.

All Freedom of Information request responses are published on the SP website although personal details are not included.
