SP holds the requested information.

Correspondence with applicant:

As advised in the response sent to you, SP would be able to provide data from 01/10/2021 (the date from which the data is held) to 06/07/2026 broken down by year where the call type description is recorded as Sudden Death 18 years and over or Sudden Death Under 18 years, and where an officer was resourced.

Response from applicant:

Please provide that information. – **Disclosed, please see the accompanying file entitled 'FOI 23137 Refinement of FOI 23087 Police Attendance Data'.**

As agreed, this data has been extracted from SPs incident recording system where the call type description is recorded as Sudden Death 18 years and over or Sudden Death Under 18 years and an officer has been resourced from 1st October 2021 to 6th July 2026 broken down by year.

Please note that these figures have been provided to the best of the ability of SP, subject to the limitation of current recording protocols and systems/software. Additional incidents may have been recorded during these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the figures presented are accurate and complete. However, it is important to note that data is extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the

terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

As a consequence, care should be taken in the interpretation and presentation of this data, so as to not misrepresent the whole or any part of the data disclosed.

All Freedom of Information request responses are published on the SP website although personal details are not included.
