FOI Ref 22943

Request - You asked Staffordshire Police (SP) the following:

Under the Freedom of Information Act 2000, please provide the following recorded information.
Please provide data for the financial years 2024/25 and 2025/26, broken down by year for the following:

The total number of individuals arrested by your force for offences related to Indecent Images of Children or Sexual Communication with a Child.

In how many of those specific arrests did your force submit a child protection referral (or multi-agency safeguarding hub / MASH referral) to local authority social services because a child was resident in the home of the suspect?

Of the referrals identified in Question 2, how many resulted in emergency police protection powers (Section 46 of the Children Act 1989) being exercised to remove the child?

In how many of those specific arrests did your force submit a child protection referral (or multi-agency safeguarding hub / MASH referral) to local authority social services where the child(ren) in question were not residing in the same home as the suspect?

Of the referrals identified in Question 4, how many resulted in emergency police protection powers (Section 46 of the Children Act 1989) being exercised to remove the child?

If this request exceeds the cost limits, please advise under Section 16 how I can narrow the scope (for example, by restricting the query to a shorter timeframe or specific police basic command units).

SP received your request on 01/06/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which SP can readily retrieve information from our systems to answer this request. For the period requested, there have been in excess of 440 arrests made for offences relating to indecent images of children or sexual communication with a child. In order to determine whether a child protection referral was submitted or whether emergency police protection powers were used, and circumstances surrounding these events, the record for each offence, the arrest record and all reports relating to the offence would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 30 minutes to 1 hour to review each record to answer this request, this would equate to between 220 and 440 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by a considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, to comply with this obligation please see below.

If your request was refined, SP would be able to provide the total number of arrests made for offences relating to indecent images of children or sexual communication with a child for the financial years 2024/25 and 2025/26.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from SP, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing within two months of the date of receipt of this email, and should be addressed to:

IAT@staffordshire.police.uk

Or by Post to:

Information Access Team
Staffordshire Police HQ
PO Box 3167

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Information Access Team within two months of the Force's response to the original FOI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing. The review will be conducted by a supervisor who is independent from the original Decision Maker. The Information Access Team will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within 20 working days. In more complex cases the review may take up to 40 working days.

The independent Supervisor will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, considering the matters raised by the complaint.
