Any other business: [REDACTED] update about [REDACTED]. Went really well. The other event being planned is for neurodiversity which they want [REDACTED] to talk at. Interestingly, the issues the book is based on is due to sexuality but if you narrow the statistics down to neuro-diverse people and LGBT+ people there appear to be a strong correlation between the two. Shows that there is a lot left to learn. Discussions around how the police can accommodate and educate to support.

[REDACTED]: Rotary cars in the park, 20-30000 visitors. Comment wanted to make was about the Cadets, their performance was exemplary. Perfectly well turned out and all colleagues there were impressed by how much of a deterrent they were. [REDACTED]
