FOI Ref 22615

Request - You asked Staffordshire Police (SP) the following:

Please could you tell me, per year, the number of bank robberies recorded in your jurisdiction.

Please provide this data going back as far as possible – ideally to 2000, but if the constraints of the act limit the time this will take, please provide as many years, working backwards from 2026, as possible.

SP received your request on 04/03/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

CLARIFICATION SOUGHT

Where you have asked for 'the number of bank robberies' would you like us to provide the number of robbery offences where the M.O. premises type has been recorded as 'Bank' and 'Building Society' or purely where this has been recorded as 'Bank'.

Please bear in mind that our crime recording system was updated in 2020. Whilst data prior to this time was migrated from our previous system, we cannot guarantee the accuracy of this data. Would you like data from 2020 onwards only.

CLARIFICATION RECEIVED

'I think supplying both but being clear which is which might be the best option?'

SP holds the requested information.

- Please could you tell me, per year, the number of bank robberies recorded in your jurisdiction. Please provide this data going back as far as possible – ideally to 2000, but if the constraints of the act limit the time this will take, please provide as many years, working backwards from 2026, as possible.- **Disclosed, please see the accompanying file titled 'FOI 22615 Bank Robberies Data.xlsx'.**

Data has been provided from our crime recording database where an offence of 'Robbery – Business' has been recorded and the MO Location premises type has been recorded as 'Financial Bank' or Financial Building Society'. Further relevant offences may have been recorded where the MO location premises type has not been completed so these therefore would not be included in this dataset.

Please note, no Data is recorded prior to 2009 and that our current Crime Recording System was implemented in 2020, data prior to this was migrated from our previous system; therefore, this data may be inaccurate.

Please note that this data has been provided to the best of the ability of SP, subject to the limitation of current recording protocols and systems/software. Additional offences/incidents may have been recorded during these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the data presented is accurate and complete. However, it is important to note that this has been extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

Consequently, care should be taken in the interpretation and presentation of this data, to not misrepresent the whole or any part of the data disclosed.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.
